So Darn Cute (Suno Remix) by Will Avery

CHORUS

I love you when you're crazy
I love you when you're smart
Just because you're so darn cute
And have a loving heart

Memories are simply...
Time trapped in your mind
The times we share, whether good or bad
Are what a life is meant to have

[Chorus]

To live and love, to love and live
Without both, neither exists
To look in your eyes, to feel your touch
Or just to have your tender kiss

[Verse 2]

The times when we're together
The times when we're apart
The memories you give to me
Are like a work of art

[Instrumental]

Memories are simply...
Time trapped in your mind
The times we share, whether good or bad
Are what a life is meant to have

[Chorus]

Just because you're so darn cute
And have a loving heart

Grow up so Fast (Suno Remix) by Will Avery

CHORUS

Time goes on, you grow up so fast
I cherish all the moments we play and laugh
The pictures you draw, I hang up on the wall
I pick them back up if they ever fall

[Chorus]

[Instrumental]

[Chorus]

Time goes on, you grow up so fast

Oh Man (Suno Remix) by Will Avery

[Chorus]

Oh man, Oh man, Oh man, Oh man
Oh man, feel like an old man, can I hold your hand?
Oh man, feel like an old man, can I hold your hand?
Oh man, feel like an old man, can I hold your hand?
Oh man, feel like an old man, can I hold your hand?
You'll always be my baby, even when you're grown
You'll understand when you have a child of your own
You'll always be my baby, even when you're grown
You'll understand when you have a child of your own
Oh man, Oh man, Oh man, Oh man

Are you gonna obey what your mama daddy say?
Go work, go play, go have it your way
Are you gonna obey what your mama daddy say?
Go work, go play, go have it your way

As a baby you amaze me, drive me crazy
Got me sleeping so little, so my eyes so hazy
As a baby you amaze me, drive me crazy
Got me sleeping so little, so my eyes so hazy
So my eyes so hazy, so my eyes so hazy, so my eyes hee...
So my eyes so hazy, so my eyes so hazy, so my eyes hee...

Boys are joys, girls are pearls
Both precious little packages that'll change your world
Boys are joys, girls are pearls
Both precious little packages that'll change your world
A precious little package that'll change your world
A precious little package that'll change your world
A precious little package that'll change your world
A precious little package that'll make you say, make you say

[Chorus]

Oh man for duh daddy, Oh woman for duh mama
But Oh baby be duh one dat do be bringing all duh drama
Oh man for duh daddy, Oh woman for duh mama
But Oh baby be duh one dat do be bringing all duh drama
Oh baby be duh one, Oh baby be duh one,
Oh baby be duh one dat do be bringing all duh drama
Oh baby be duh one, Oh baby be duh one,
Oh baby be duh one dat do be bringing all duh drama

Oh man

So In Love with You (Suno Remix) by Will Avery

Every time I close my eyes
I don't know what to do
I'm spending all my time just writing rhymes
I'm so in love with you

I pledge my love through the test of time
Goin' crazy as a daisy when the sky rains wine
Drunken on your love. You're giving me a buzz
It was the way it is cause it is the way it was
Timeless as a watch that's broke and doesn't work
Love can make you happy or make you hurt
My wish is for the former. To see you smile and hear you laugh
Surrounded by your love. You're giving me a bath
A bath is what you give. A bath is what I take.
A love bath - I'm making no mistake
Wishing for the kissing that's many miles away
I write a rhyme to pass the time and think of what to say
When I see you face and your body once again
As close as one and two, I wanna be your friend
Words are merely words. In different tongues we speak
A-rat-a-tat-a-lat-a-tat It's been 100 weeks
since I've been close

Every time I close my eyes
I don't know what to do
I'm spending all my time just writing rhymes
I'm so in love with you

If life were a mirror of poetry, you'd be the pen and I'd be the paper
With just one favor that I would ask of thee, would you just come here and write on me
Day by day knowing you more clearly. Day by day loving you more dearly.

Every time I close my eyes
I don't know what to do
I'm spending all my time just writing rhymes
I'm so in love with you

Leavin' Me Lonely (Suno Remix) by Will Avery

It took some time for me to realize
You are an illusion. Blurring - confusing my 4 eyes
No matter what we do, It's a Catch 22
You go your way. I go mine. Maybe we're destined to be in another time
And it does not matter who was right or wrong.
Let it rain. Feel the pain. The truth is moot. It's just forgone
Bitch, whine, moan and complain, but nothin' ever change.
Everything remains the same. Paid our lives to play the game.
Can not ignore the writing on the wall
Close your eyes. Let it ride. Throw the die. Watch it fall
All we have now are just the memories
Of a past that did not last. Dreams that's shattered. Broken glass

CHORUS

Thought you were my one and only, but you just leavin' me lonely (lonely)
Thought you were my one and only, but you just leavin' me lonely
Ohh, oh, oh. One and only. Ohh, oh, oh. Leavin' me lonely
Ohh, oh, oh. One and only. Ohh, oh, oh

Put my dreams in buckets. Lined them on the shelf
When I look into the mirror. Don't recognize myself.
I can not change your actions, but I can change how I react.
You left me lonely so damn long. Now, I don't want you back.
Life is short... That is wrong. Life is very long.
When every night you don't do me right - just wanna do me wrong.
So go away. Just go away. It's nothing left to give.
A life with you all alone - that's no way to live.
Put my dreams in buckets. Lined them on the shelf
When I look into the mirror. Don't recognize myself.
I can not change your actions, but I can change how I react.
You left me lonely so damn long. Now, I don't want you back.

[Chorus]

It took some time... It took some time for me to realize
You are an illusion. Blurring - confusing my 4 eyes

Not in the First Place (Suno Remix) by Will Avery

Like this

1,2,3,3,3,4

Break it down something like this

I never should have let you in my world in the first place (not in the first place)

Now, it's just a matter of time before you lose your mind (before you lose your mind)

I never should have let you in my world in the first place (not in the first place)

Now, it's just a matter of time before you lose your mind (before you lose your mind)

How we came together is a mystery

Maybe you can blame it on destiny

When I look into your eyes you get the best of me

Call it curiosity or just a fantasy

Whatever it may be or may not to be

LOVE CAN HOLD NO GUARANTEE

Listen to your heart. It will set you free

LOVE CAN HOLD NO GUARANTEE

You never should have let me in your world in the first place (not in the first place)

Now, it's just a matter of time before I lose my mind (before I lose my mind)

You never should have let me in your world in the first place (not in the first place)

Now, it's just a matter of time before I lose my mind (before I lose my mind)

uh..

not in the first place

not in the first place

not in the second, or the third, or the first place

Love Untold (Suno Remix) by Will Avery

Untold... Untold...
Love Untold. Love Untold. Love Untold.
Love, my love untold. My love. My love untold.
You're my love. My love untold. My love.
You are my love untold.

I always observed you from afar
Always too shy to venture where you are
Cannot say a word cause you take my breath away
Leave me sleepless every night and helpless every day
Untold love. Untold love. What can I say to you?
Not a word - untold love. Not a thing that I can do
But sing to you in my heart my love untold

CHORUS

Untold... Untold... Love Untold. Love Untold. Love Untold. (love untold)
Love, my love untold. (you're) My love (love). My love untold.
You're my love (love). My love untold. My love (love).
You are my love untold.

Another place. Another time.
A dream that's buried deep inside my mind.
Another time. Another place.
Perhaps one day we'll find our way
Untold love. Untold love. What can I say to you?
Not a word - untold love. Not a thing that I can do
But sing to you in my heart my love untold

[Chorus]

Afraid was I to even try
Now, it's much too late
All I can do is say
"I wish you happiness
for all your days to come.
Maybe one day we will meet again."

Pennies and Dollars (Suno Remix) by Will Avery

CHORUS

Get a penny for your thoughts
Get a dollar, yeah
Get a dollar for your actions
Get a penny
Get a penny for your thoughts
I said get a dollar
Get a dollar for your actions
Get a penny
Get a penny for your thoughts

A penny saved is a penny earned
Pouring money down the drain is a big concern
When time is wasted, money's burned
Don't be a penny wise, pound foolish man
Baby, when will you learn?
Let's take our pennies and dollars
Compound them through and through
Put change in the world, make it better for now
And the future too
For a day late and a dollar short
Missed an opportunity
Pipers gonna get his due
And it's all on you and me, cause

[Chorus]

Everybody's got opinions
Here's my two cents
If you nickel and dime the people
They're gonna take offense
I said everybody got opinions
Here's my two cents
If you nickel and dime the people
They're gonna take offense

Penny, penny, bring me luck
I'm the one who picked you up
Penny, penny, bring me luck
I'm the one who picked you up
I said a penny, penny, bring me luck
I'm the one who picked you up
Penny, penny, bring me luck
I'm the one who picked you up

[Chorus]

Something Kinda Scary (Suno Remix) by Will Avery

CHORUS

There's something kind of scary stirring deep in my soul
Just from looking at me oh I think you'll never know
There's something kind of scary stirring deep in my soul
Just from looking at me oh I think you'll never know

At work I work. When at home I am at home.
Surround me by somebody. I don't wanna be alone.
Ain't no reason why I feel the way I feel
Sometimes when I imagine, I don't know if it is real
Ah, crazy schizophrenic am I normal or insane?
I smile when I hurt 'cause I wanna hide the pain.
Burn baby burn light a fire in my soul
If I can't control it then I'm gonna explode

[CHORUS]

I always appear so gentle and appear to be kind
But I'm just the kind of person that is on the borderline
You never would have guessed it. Cause you'd never had known
I always seem so happy and like to be alone
But when you push my buttons then there's no turning back
I tried my best to warn you, but it's no turning back
I ain't gotta yell. And I ain't gotta shout
Cause the evil that's within is gonna come out...

Ooo, Ooo,....

Something kind of scary stirring deep in my soul
Something kind of scary stirring deep in my soul

I hope you enjoyed the musical part of this release. Now, enjoy some original dad jokes created by yours truly — Will Avery.

Welcome to the debut of Ace Dad Jokes — where puns groove with rhythm and laughter turns into music. In this video, you'll hear 20 brand-new dad jokes performed with choruses, verses, and playful punchlines. Dad jokes and music are like peanut butter and chocolate — a perfect combo (unless you're allergic, then maybe marshmallows and graham crackers 😊).

Share these little nuggets of joy with a friend. No friend handy? Share with a stranger — you might just start a new friendship.

These jokes started at the gym and my favorite restaurants, where I'd toss out one-liners to the folks at the counter — a kind of one-joke open mic with a captive audience (work colleagues were also not spared). At first, I was surfing YouTube, Reddit, and Google for quick laughs. But then I thought: *what if I made up my own?*

With Copilot as my artistic assistant, I bring the vision — and Copilot acts like my glasses, sharpening and expanding every idea.
